We only require a budget price at this stage

dye Pressbrake information

Tonnage 40t 130t
 60t 170t
 80t 200t
 100t Larger (please specify size) _____

Distance between 1.5m (2.0m) 3.7m (4.2m)
 side frames - 2.0m (2.4m) 4.3m (4.8m)
 (overall length) 2.5m (3.0m) 4.9m (5.4m)
 3.1m (3.6m) 5.5m (6.0m)

Back gauge options X axis back gauge Z1 & Z2 axes
 Pnuematic flip probes Other (please specify) _____
 R axis

Tooling options Hydraulic clamping Intermediate sectionalised beam
 Quick release top tool clamps Ferrari catalogue required

Crowning options ADS - hydraulic crowning Electromechanical crowning

Controller Upgrade to DNC 80 monochrome
 Upgrade to DNC 80 colour
 Upgrade to DNC 1200 3D colour, PC1200 offline programming software, CYCAD DXF file conversion software and LUCIA sheet metal CAD/CAM software

Other: Please specify _____

dye Guillotine information

Type Standard DNC
 Capacity 4mm 10mm
 6mm 12mm
 8mm Larger (please specify size) _____

Material type at Mild steel Aluminium
 maximum capacity Stainless steel

Length 2500mm 4000mm
 3100mm 6100mm
 3700mm

Std. guillotine Manual Single lever blade gap adjustment
 backgauge options Kohli CNC with lead screw Power blade gap adjustment
 Kohli CNC with ball screw

Other: Please specify _____
